

eOne Platform Automated Permitting Quick Guide

CA State Certified One in Thirty, Third Party Quality Control Program: (214) 789-8869

1

Permitting

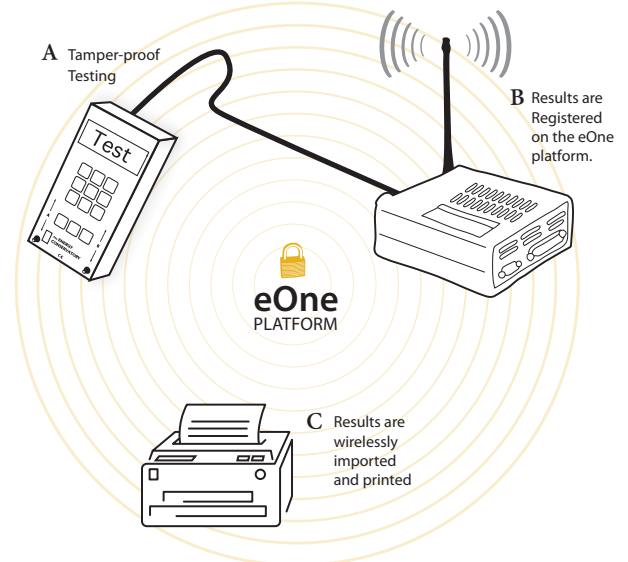

- A** | A contractor requests for a permit via the eOne Platform™.
- B** | Building Department receives, views, and adds a permit number.
- C** | Funds are then transferred through a secure connection.

2

Data Reporting

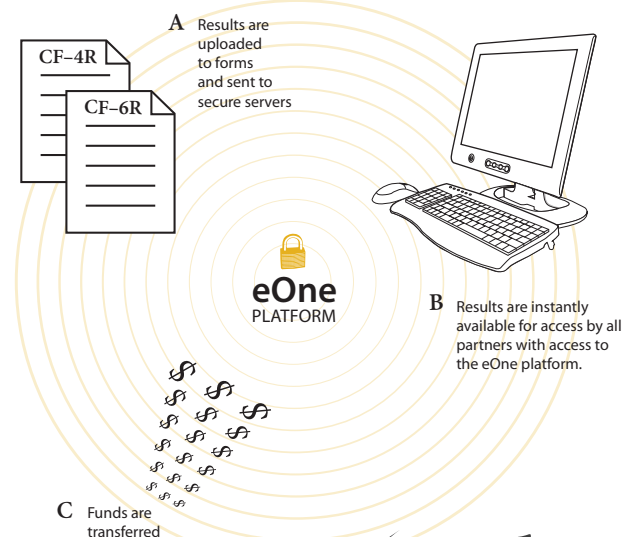

- A** | A Certified Technician tests for state mandated duct leakage.
- B** | Results are monitored and registered with the patented tamper-proof enalasis hardware.
- C** | Results are wirelessly entered in the proper fields in the software, verified, printed and posted at the site.

3

Forms and Payment

- A** | Results of the test are placed into the proper state mandated forms and automatically uploaded to the powerful secure enalasis servers.
- B** | Results are instantly available.
- C** | Payment and compliance is assured as permits are closed out.
